**Civil litigation can be a daunting experience, but choosing the right legal team can make a significant difference in achieving the desired results.**

We bring over 30 years of combined legal expertise, which provides us with a solid foundation to implement the best legal strategies to get our clients their desired outcomes. Our civil litigation team at Lyons Law Group fights for your rights through the traditional court system or arbitration (a private, faster alternative). The strategy we advise and pursue is always based on your distinct individual needs, and we work closely with clients to examine, explain, and decide on the best course forward.

Whether you're facing individual, consumer, or commercial disputes, our team is equipped to handle a wide range of legal matters. We prioritize clear communication and proactive advocacy, ensuring you are well-informed and represented.

We work closely with our clients through every stage of a dispute, from pre-suit to final outcome. From our initial consultations to final resolutions, we identify strategies for success while explaining the necessary risks. While we are able to resolve many disputes without going to trial, sometimes it is required. Rest assured, when a case does proceed to trial, our qualified litigators are prepared to fight on your behalf.

Our firm is dedicated to providing comprehensive legal counsel and representation. Contact us today to schedule a consultation and learn how we can assist with your civil litigation needs.
